DETAILED ACTION

1. The amendment filed on 13 March 2006 have been received and entered. Claims 1-3, 6-10, 13-17 and 20-35 as amended are pending in the application.

Allowable Subject Matter

2. Claims 1-3, 6-10, 13-17 and 20-35 are allowed.
3. The following is an examiner's statement of reasons for allowance: The present invention teaches the creation of an operation screen. Each of independent claims 1, 8, 15, 22, 27 and 32 identifies the distinct feature of conducting the automatic positioning setting process when the paste-up information is moved to the amount of a predetermined ratio in a predetermined position on the operation screen in which the paste-up information is to be pasted. The closest prior art, Cannon et al. (U.S. Patent 5,748,484) and Microsoft® Word 2000 (Screenshots 1-8) teach an automatic positioning setting process that is capable of editing the position and size of the information pasting region. In the case of the Cannon et al. reference, Cannon et al. teach an automatic positioning setting process for coinciding a barycenter of paste-up information with a predetermined point on the operation screen (automatically positioning the signature or picture in a specified position relative to the rest of the card) (Cannon et al.: column 12, lines 32-40). In the case of the Microsoft Word reference, Microsoft Word teaches editing a position and size of the information pasting region (the pictures toolbar allows users to edit information such as the size, via the crop tool, of the information pasting region, i.e. the pasted image) (Microsoft Word:

Screenshot 3). However, the prior art of record fails to explicitly teach the automatic positioning setting process is conducted when the paste-up information is moved to the amount of a predetermined ratio in a predetermined position on the operation screen in which the paste-up information is to be pasted, and thus fails to anticipate or render the above limitations obvious.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
